

**Workforce Information Database
O*NET Related Occupations
January 2013**

career changers This table contains occupational linkages between O*NET-SOC occupations. Each record contains a link to an occupation relevant for someone changing careers.			
Column	Type	Constraint	Description
onetcode	char(8)	Primary Key 1	O*NET reference code
related_occ	char(8)	Primary Key 2	Related O*NET code
index	numeric(2)		Order of the ten most closely related occupations
Constraint Information			
1 Foreign Key (career changers.onetcode) references (onetcode.onetcode)			
2 Foreign Key (career changers.related_occ) references (onetcode.onetcode)			

career starters This table contains occupational linkages between O*NET-SOC occupations. Each record contains a link to an occupation relevant for someone beginning a career.			
Column	Type	Constraint	Description
onetcode	char(8)	Primary Key 1	O*NET reference code
related_occ	char(8)	Primary Key 2	Related O*NET code
index	numeric(2)		Order of the ten most closely related occupations
Constraint Information			
1 Foreign Key (career starters.onetcode) references (onetcode.onetcode)			
2 Foreign Key (career starters.related_occ) references (onetcode.onetcode)			

onetcode This table contains one record for each O*NET occupation			
Column	Type	Constraint	Description
onetcode	char(8)	Primary Key	O*NET occupation code
onetttitle	char(100)		O*NET title associated with an occupation.
Constraint Information			
NA			

NOTE: Occupations in these files taken from the O*NET-SOC 2010 taxonomy which is used by O*NET Databases versions 15.1 and later. For mappings of changes between O*NET taxonomies, see the occupational listings and files at <http://www.onetcenter.org/taxonomy.html#listings>

For more information about the development of these files, see **The Development and Evaluation of a New O*NET Related Occupations Matrix** at http://www.onetcenter.org/dl_files/Related.pdf
